

Dear Sirs:

I derive great benefit from listening to XM Satellite Radio and its traffic and weather channels. In addition, satellite radio provides great variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters (NAB) to dictate what I am permitted to hear.

I therefore respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM Radio's ability to provide the kind of programming that I demand and deserve.

Sincerely,

Marya B. Dalrymple
